PROGRAM OVERVIEW

Agency executives seek to identify solutions and partners to prepare and respond to regulations and policies affecting their business. They need to identify organizations that will assist and enable them to implement change in their own agencies. Solution Providers are Associate members of the Visiting Nurse Association of America (VNAA) and the Alliance for Home Health Quality and Innovation (The Alliance) which provide Affiliate members with services or products that relate to, support, or promote innovation and success in home healthcare and hospice.

The 2017 Corporate Partnership Program offers you the opportunity to engage with agencies as they navigate the quickly evolving health care system; the ability to demonstrate solutions for home health organizations seeking support in new care delivery and payment models; and access to the VNAA's and The Alliance's robust network of home-based care providers.

PROGRAM BENEFITS

- **Generate new business.** Network with decision-makers through industry events and exhibition opportunities.
- **Increase brand visibility.** Get your brand in front of leaders in home-based care through advertisement opportunities via communication vehicles and educational events.
- **Differentiate yourself from competitors.** Take advantage of opportunities to get your products and services in front of members— not just at industry events, but throughout the year—with the robust Solution Provider packages jointly developed by VNAA and The Alliance.
- **Showcase your commitment to the industry.** Show your commitment to the future of home-based care and support providers by joining.

The Corporate Partnership Program offers different levels of engagement to fit your business priorities and goals. VNAA and The Alliance will work with you to customize a program that meets your needs.

Contact VNAA President and CEO Tracey Moorhead at tmoorhead@vnaa.org or Alliance Director of Communications and Events Jen Schiller at jschiller@ahhqi.org.

VNAA MEMBERSHIP

Your choice to support the Visiting Nurse Associations of America (VNAA) shows our affiliate members—your customers—that your organization is committed to supporting their mission of providing high-quality, compassionate home-based care regardless of complexity of care or ability to pay.

ASSOCIATE MEMBERSHIP CRITERIA

In order to qualify for VNAA Associate Membership, organizations must provide a service or product that directly relates to, supports, or promotes innovation and success in home healthcare and hospice.

View a list of our current Associate Members at <http://www.vnaa.org/corporate-partners>.

ASSOCIATE MEMBERSHIP BENEFITS

- opportunity to connect with VNAA Board of Directors at the annual Corporate Advisory Forum
- registration for VNAA conferences and events at member rate
- subscription to VNAA e-newsletters and policy alerts
- annual list of VNAA Affiliate members
- company logo on Corporate Partners web page
- preferred opportunity to submit educational content for consideration at meetings/webinars
- member rate on listing in VNAA Buyer's Guide
- member rate on select Solution Provider opportunities for VNAA meetings, events, and educational programming

ABOUT VNAA

The Visiting Nurse Associations of America leads efforts to transform and innovate home-based care in value-based care delivery and payment models. VNAA directly supports home-based care providers through unparalleled peer-to-peer networking, innovative operational and program development support, organizational strategic planning resources, clinical education and training, and identification of leading vendors, products and services. VNAA members and staff actively advance the value proposition for home-based care through consensus-based advocacy, education, research and communications efforts.

VNAA'S VISION

Transforming home-based care for providers and populations in the community.

VNAA'S MISSION

VNAA advances quality, value and innovation in home-based care.

ALLIANCE MEMBERSHIP

ABOUT THE ALLIANCE

The Alliance for Home Health Quality and Innovation is a nonprofit, national consortium of home health care providers and organizations. The Alliance invests in research and education about home health care and its ability to deliver quality, cost-effective, patient-centered care across the care continuum. The Alliance is committed to conducting and sponsoring research and initiatives that demonstrate and enhance the value proposition that home health care has to offer patients and the entire U.S. health care system.

THE ALLIANCE'S VISION

Promoting healthy patients and communities through home health care research, education, quality and innovation.

THE ALLIANCE'S MISSION

To lead and support research and education on the value home health care can offer to patients and the evolving U.S. health care system.

Your choice to support the Alliance for Home Health Quality and Innovation (the Alliance) shows our sponsoring and general members—your customers—that your organization is committed to supporting their mission of providing high-quality, innovative home health care.

ASSOCIATE MEMBERSHIP BENEFITS

- opportunity to connect with Alliance Board of Directors at a new annual Alliance Corporate Partner meeting*
- membership in one of the Alliance's working groups (Quality & Innovation or Strategic Communications), which hold monthly calls and at least one in-person meeting per year*
- access to the Members Only portion of the Alliance's website
- participation in Alliance members-only meetings, webinars, and receptions
- company logo under Associate Member on Alliance's web page, which will link to your company's website
- preferred opportunity to submit educational content for consideration at meetings/webinars
- guest blog post opportunities
- co-host opportunity for Alliance's #HomeHealthChat on Twitter
- member rate on select Solution Provider opportunities for VNAA/Alliance meetings, events, and educational programming

* applies to Platinum and Gold sponsors only

ADDITIONAL VNAA OPPORTUNITIES

To complement the robust corporate Solution Provider packages outlined on the previous pages, please consider these additional opportunities to put your company's products and services before our home-based care leaders.

Please note: These exclusive opportunities are available to Solution Providers according to membership level.

HEALTHCARE TRANSFORMATION E-TOOLKIT

The health care system is reorienting towards value. In order to succeed, home-based care providers must learn new ways of doing business and caring for patients. To support our members in this new value-based environment, VNAA is developing the Healthcare Transformation e-Toolkit.

The e-Toolkit will help members learn about and prepare for participation in new care delivery and payment models, such as Accountable Care Organizations (ACOs), Home Health Compare Star Ratings, and the Home Health Value-Based Purchasing demonstration program. The e-Toolkit will be available to members as an included benefit. Non-members may purchase access to the website.

OPPORTUNITIES FOR COLLABORATION:

Home health and hospice agencies rely on VNAA and our corporate partners for trusted advice, information and technical assistance. VNAA seeks to leverage the best of our collective expertise to support members in their transformation efforts. This presents an opportunity to reach senior-level leadership of home health, hospice and palliative care organizations with information critical to business success.

E-TOOLKIT WEBSITE | \$10,000

(Available to Platinum and Gold Solution Providers Only)

The leading Solution Provider will have co-branding over the entire e-Toolkit. These funds will go towards development of a user-friendly web tool to collect and organize content.

CARE DELIVERY INNOVATIONS & CASE STUDIES | \$5,000

(Available to Platinum, Gold and Silver Solution Providers Only)

This section will profile new ways of delivering services that has improved quality, resulted in better health outcomes or improved the efficiency of care delivery. This includes a broad range of case studies that highlight new models of care, including innovative uses of technology, and provide information on how other agencies can replicate these models for results. VNAA will provide a standard template for Solution Providers to use with options for customization.

RISK ASSESSMENTS & MANAGEMENT STRATEGIES | \$2,500

(Available to All Solution Provider Levels)

Healthcare providers face several types of risk in a value-based environment, including operational risk, market risk, and, increasingly, insurance risk. This section will help home-based care providers understand the different types of risk and what tools and strategies they can use to best manage that risk.

ADDITIONAL VNAA OPPORTUNITIES

To complement the robust corporate Solution Provider packages outlined on the previous pages, please consider these additional opportunities to put your company's products and services before our home-based care leaders.

Please note: These exclusive opportunities are available to VNAA Solution Providers according to membership level.

BEST PRACTICE WHITE PAPER AND ISSUE BRIEFS

Best Practice White Papers and Issue Briefs present an opportunity to reach senior-level leadership of home health, hospice and palliative care organizations with information critical to business success. Through development, launch and promotion of the white papers and issue briefs, sponsors will increase brand awareness and demonstrate alignment of their products with best practices.

These sponsored white papers and issue briefs will address high-priority key clinical and operational issues impacting home health, hospice and palliative care programs. Topics will be jointly developed by the sponsor, VNAA and the Alliance and may include a range of issues such as:

- Information and data management
- Clinical quality improvement (condition specific: diabetes, COPD, CHF, arthritis)
- Quality improvement strategies
- Medication adherence

OPPORTUNITIES FOR COLLABORATION:

Each white paper and issue brief will include an overview of the issue, opportunities and challenges for home health, hospice or palliative care, evidence review, and best practices. VNAA will identify a small working group of industry leaders to contribute to each white paper or issue brief and endorse the final product. Where possible, the white paper or issue brief will include a brief case study to illustrate the best practices.

BEST PRACTICE WHITE PAPERS | \$7,500

(Available to Platinum and Gold Solution Providers Only)

BEST PRACTICE ISSUE BRIEFS | \$2,500

(Available to Platinum, Gold and Silver Solution Providers Only)
